# HIGHLIGHTS

**How to apply:** New in 2007, if you want to apply for a limited entry bear permit you MUST apply online at [wildlife.utah.gov](http://wildlife.utah.gov) by 11 p.m. on February 28, 2007. Applying online is quick and easy, but if you have questions call (801) 538-4700. American Express, Discover, MasterCard and VISA credit and debit cards are the only accepted methods of payments.

**Spring bear hunt:** Results of the five-year experimental spring bear hunt indicate that fewer female bears are harvested in the spring. As a result, the spring bear hunt has been expanded to all units.

**Orientation course:** A mandatory orientation course is required for all black bear hunters who draw a permit. Hunters will be notified of the orientation process. Permits will be mailed to successful applicants upon completion of the orientation course.

**Pursuit/dog training season:** On a trial basis, a summer pursuit/dog training season will be available on selected units. See the Pursuit/Dog Training table on page 17 for units and season dates.

**Bear baiting:** Hunters may apply for a Certificate of Registration (COR) for up to two bait stations. The following information must be provided to obtain a COR for bear baiting: a 1:24,000 USGS quad map with the bait location marked or the GPS coordinates (including the datum) of the bait station, type of bait used and written permission from the landowner for private lands. See pages 12–13 for details.

**Hunt numbers:** Numbers may have changed. To apply for a bear permit, use the blue three-digit hunt number listed on page 16 of this proclamation.

**Age requirements:** A person 11 years of age may apply for or purchase a permit to take bear if that person's 12th birthday falls within the calendar year in which the permit is issued.

**Private lands:** While taking wildlife or engaging in wildlife-related activities, a person may not, without the written permission of the owner or person in charge, enter upon privately owned land that is cultivated or properly posted. "Cultivated land" means land that is readily identifiable as: 1) land whose soil is loosened or broken up for the raising of crops; 2) land used for the raising of crops; or 3) pasturage that is artificially irrigated. The Division cannot guarantee access to any private land. If you plan to hunt in an area that is made up of all or mostly private lands, you must obtain WRITTEN permission from the landowner or an authorized representative of the landowner.

**Draw result privacy:** In the interests of protecting applicant privacy and to comply with recent changes in governmental records access laws, applicants may obtain access to their own draw results only. Draw results will be available by March 29, 2007, at [wildlife.utah.gov](http://wildlife.utah.gov) or toll-free 1-800-221-0659.

**Proclamation correction:** If errors are found in this proclamation after it is printed, the Division will correct them in the electronic copy that is posted online. Visit [wildlife.utah.gov/proclamations](http://wildlife.utah.gov/proclamations) to view all of the Division's proclamations and guides electronically.

**Make a difference:** You can get involved in the decision-making process regarding Utah wildlife management, rules and regulations by attending your local Regional Advisory Council (RAC) meetings. For more information on the RACs and schedules, visit [wildlife.utah.gov/public\\_meetings](http://wildlife.utah.gov/public_meetings).

**Protection from discrimination:** The Division receives federal financial assistance from the U.S. Fish and Wildlife Service. Under Title VI of the Civil rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972, the U.S. Department of the Interior and its bureaus prohibit discrimination on the basis of race, color, national origin, age, disability or sex. If you believe that you have been discriminated against in any program, activity or facility, or if you desire further information please write to: The U.S. Fish and Wildlife Service, Office for Diversity and Civil Rights Programs-External Programs, 4040 North Fairfax Drive, Suite 130, Arlington, VA 22203.

**Division funding:** The Division is mostly funded by the sale of hunting and fishing licenses and through federal aid made possible by an excise tax on the sale of firearms and other hunting and fishing related equipment.

## PROTECT WILDLIFE HABITAT

Use of certified noxious weed-free hay and straw is required on all Federal and State Trust Lands

## RESPONSIBLE OHV USE

Since more and more sportsmen are making use of off-highway vehicles (OHV) while hunting, Utah State Parks wants to remind riders of the importance of education and helmet use.

Properly fastened helmets, having at least a U.S. Department of Transportation approved safety rating for motorized use, are required for all OHV operators and passengers under the age of 18. Additionally, Utah law requires that OHV operators ages eight to 15 possess an OHV education certificate in order to legally operate a machine on public land (operators 16 years of age and older must have a driver's license or an OHV education certificate). It is illegal for any child under age eight to operate an OHV on public land.

Education classes play an important role in injury prevention by teaching young riders and their parents about safe riding, weight distribution, handling, shifting, speed, and riding within your ability.

**For OHV education, registration and safety information visit [stateparks.utah.gov](http://stateparks.utah.gov) or call 1-800-OHV-RIDE.**

ment to their application.

(4) An amendment may cause rejection if the amendment causes an error to the application.

## Bonus points

R657-33-32

A bonus point is awarded for each unsuccessful application to hunt bear.

If you don't want to hunt in the current year, you may still apply for a bonus point only for bear by selecting the appropriate bonus point code (BER) and paying the \$5 handling fee. The application period is February 1–28, 2007.

To apply for a bonus point, you must be eligible for the hunt for which you are applying. For example, if you are eligible for a bear permit, you are eligible to apply for a bear bonus point.

You may apply for either a bear permit, or a bonus point, but NOT both. If you apply for both your application will not be included in the draw.

The Division has retained electronic copies of application information from 1996 to present.

How your bonus points work in the draw:

- Fifty percent (rounded down) of the permits for each hunt unit are reserved for applicants with the most bonus points. You receive a random drawing number for your current bear application and one for each bonus point you already have. Your lowest random number is then used in the drawing.
- In the draw for bear, the applications are sorted into groups by the number of bonus points, from highest to lowest, an 11 Bonus Point Group, a 10 Bonus Point Group, etc. Permits are awarded based on the hunt choice selected.
- Any person may surrender their bear permit prior to the season opening date for the purpose of waiving the waiting period normally assessed and reinstating the number of bonus points, including a bonus point for the current year (just as if a permit had not been drawn).

You cannot apply for a BEAR HUNT or receive a BONUS POINT if...

- you are currently under wildlife license suspension for hunting bear, or
- you are currently under a waiting period for bear.

For a complete copy of these regulations (Utah Admin. Code R657-33-32) visit [wildlife.utah.gov/rules](http://wildlife.utah.gov/rules) or call any Division office.

## I. Refunds

R657-33-33

If a person is unsuccessful in the Bear Drawing their credit or debit card will not be charged for a permit, but the \$5 handling fee is nonrefundable.

## V. CONSERVATION PERMITS

R657-41

Conservation permits for taking bear are available through official tax-exempt conservation organizations for sale at an auction or as an aid to wildlife-related fund raising activities. A complete copy of the conservation permit regulations (Utah Admin. Code R657-41) is available at [wildlife.utah.gov/rules](http://wildlife.utah.gov/rules), or by calling any Division office.

## VI. PERMITS FOR TAKING BEAR

R657-33-3

(1)(a) To take a bear, a person must first obtain a valid limited entry bear permit for a specified hunt unit.

(b) To pursue a bear, a person must first obtain a valid bear pursuit permit.

(2) Any limited entry bear permit purchased after the season opens is not valid until seven days after the date of purchase.

(3) Residents and nonresidents may apply for limited entry bear permits and purchase bear pursuit permits. Pursuit permits may be purchased at Division offices beginning March 1, 2007.

### C. Loaded firearm restrictions

76-10-502 & 76-10-505

You may not carry a loaded firearm in or on a vehicle. A pistol, revolver, rifle or shotgun is considered loaded when an unfired cartridge, shell or projectile is in the firing position.

Pistols and revolvers are also considered loaded when an unfired cartridge, shell or projectile is in a position whereby the manual operation of any mechanism once would cause the unfired cartridge, shell or projectile to fire.

A muzzleloading firearm is considered loaded when it is capped or primed and has a powder charge and ball or shot in the barrel or cylinders.

### D. Discharge of firearm from a vehicle, near highway or in direction of any person, building or vehicle

(2) A person who is paraplegic, or otherwise permanently disabled so as to be permanently confined to a wheelchair or the use of crutches, or who has lost either or both lower extremities, and who possesses a valid license or permit to hunt bear may receive a Certificate of Registration to take bear from a vehicle as provided in Utah Admin. Code R657-12.

(1) Hunting of any wildlife is prohibited within the boundaries of all state park areas except those designated by the Division of Parks and Recreation in Utah Admin. Code R651-614-4.

(2) Hunting with a rifle, handgun or muzzleloader in park areas designated open is prohibited within one mile of all area park facilities, including buildings, camp or picnic sites, overlooks, golf courses, boat ramps and developed beaches.

## Can you possess a weapon?

It is illegal under Utah Code Section 76-10-503 to possess or use a firearm, muzzleloader, archery tackle, or any other dangerous weapon if you:

- Have been convicted of or are under indictment for any felony offense;
- Are on probation or parole for a felony offense;
- Are on parole from a secure facility;
- Have been adjudicated delinquent (juvenile) in the last seven years of an offense which if committed by an adult would have been a felony;
- Are an unlawful user of a controlled substance;
- Have been found not guilty by reason of insanity for a felony offense;
- Have been found mentally incompetent to stand trial for a felony offense;
- Have been adjudicated mentally defective as provided in the federal Brady Handgun Violence Prevention Act;
- Have been committed to a mental institution;
- Are an alien who is illegally in the United States;
- Have been dishonorably discharged from the armed forces; or
- Have renounced your citizenship as a United States citizen.

The purchase or possession of any hunting license, permit, tag or Certificate of Registration from the Division of Wildlife Resources does not authorize the holder to legally possess or use a firearm, muzzleloader, archery tackle, or any other dangerous weapon while hunting if they are otherwise restricted from possessing these weapons under Section 76-10-503.

(3) Hunting with shotguns and archery tackle is prohibited within one quarter mile of the above stated areas.

### **F. Carrying a dangerous weapon while under the influence of alcohol or drugs**

76-10-528

(1) Any person who carries a dangerous weapon while under the influence of alcohol or a controlled substance as defined in Section 58-37-2 is guilty of a class B misdemeanor. Under the influence means the same level of influence or blood or breath alcohol concentration as provided in Section 41-6A-502.

(2) It is not a defense to prosecution under this section that the person:

- (a) is licensed in the pursuit of wildlife of any kind; or
- (b) has a valid permit to carry a concealed firearm.

## **IX. HUNTING METHODS**

### **A. Prohibited methods**

23-20-3, 23-20-12 & R657-33-9

(1) Bear may be taken or pursued only during open seasons and using methods prescribed in this proclamation (firearms and hunting equipment are found on page 11). Otherwise, under the Wildlife Resources Code, it is unlawful for any person to possess, capture, kill, injure, drug, rope, trap, snare, or in any way harm or transport bear.

(2) After a bear has been pursued, chased, treed, cornered, legally baited or held at bay, a person may not, in any manner, restrict or hinder the animal's ability to escape.

(3) A person may not engage in a canned hunt.

(4) A person may not take any wildlife from an airplane or any other airborne vehicle or device or any motorized terrestrial or aquatic vehicle, including snowmobiles and other recreational vehicles.

### **B. Spotighting**

R657-33-10

You may not use a spotlight, headlight or other artificial light to locate any protected wildlife, including bear, while having in your possession a firearm or other weapon or device that could be used to take or injure protected wildlife.

The use of a spotlight or other artificial light in any area where protected wildlife are generally found is prima facie evidence of attempting to locate protected wildlife. (Prima facie evidence means that if you're spotighting, the burden of proof falls on you to prove that you were not attempting to locate protected wildlife.)

The provisions of this section do not apply to the use of the headlights of a motor vehicle or other artificial light in a usual manner where there is no attempt or intent to locate protected wildlife, or if you're licensed to carry a concealed weapon in accordance with Title 53, Chapter 5, Part 7 of the Utah Code, provided you're not utilizing the concealed weapon to hunt or take wildlife.

### **C. Party hunting**

R657-33-11

A person may not take a bear for another person.

### **D. Use of dogs**

R657-33-12

(1) Dogs may be used to take or pursue bear only during open seasons as provided in this proclamation.

(2) The owner and handler of dogs used to take or pursue bear must have a valid bear permit or bear pursuit permit in possession while engaged in taking

or pursuing bear.

(3) When dogs are used in the pursuit of a bear, the licensed hunter intending to take the bear must be present when the dogs are released and must continuously participate in the hunt thereafter until the hunt is completed.

(4) When dogs are used to take a bear and there is not an open pursuit season, the owner and handler of the dogs must have a valid pursuit permit and be accompanied by a licensed hunter as provided in Subsection (3), or have a valid limited entry bear permit for the limited entry unit being hunted.

## **Bear pursuit/dog training**

Pursuing or trailing bears with dogs is a non-consumptive use of Utah's black bear population. When dogs tree a bear, perhaps after a few pictures are snapped, the bear is released unharmed.

Bears developed the ability to climb trees as an adaptation to escape natural predators such as grizzly bears and wolves. As a result, being chased up a tree by dogs is an extension of the black bears' natural history.

The ability to pursue bears with dogs, without harvesting the bear, is an important opportunity for Utah's houndsmen to train their dogs until they draw a limited entry bear permit.

Pursuing black bears with dogs does have potential negative effects, because it may result in a significant energy expenditure if pursuit occurs too often. To minimize this negative effect, pursuit with dogs is not allowed during most of the fall when black bears are adding the necessary fat reserves to survive winter hibernation.

## **X. BEAR BAITING**

### **A. Certificate of registration required**

R657-33-13

(1) A Certificate of Registration for baiting must be obtained before establishing a bait station.

(2) Certificates of Registration are issued only to holders of valid limited entry bear archery permits.

(3) A Certificate of Registration may be obtained from the Division office within the region where the bait station will be established.

(4) The following information must be provided to obtain a Certificate of Registration for baiting: a 1:24000 USGS quad map with the bait location marked, or the Universal Transverse Mercator (UTM) or latitude and longitude coordinates of the bait station, including the datum, type of bait used and written permission from the appropriate landowner for private lands.

(5)(a) Any person interested in baiting on lands administered by the U.S. Forest Service or Bureau of Land Management must verify that the lands are open to baiting before applying for a limited entry bear archery permit.

(b) Information on areas that are open to baiting on National Forests must be obtained from district offices. Baiting locations and applicable travel restrictions must be verified by the district supervisor prior to applying for a Certificate of Registration.

(c) Areas generally closed to baiting stations by these federal agencies include:

- (i) designated Wilderness Areas;
- (ii) heavily used drainages or recreation areas; and
- (iii) critical watersheds.

(d) The Division shall send a copy of the Certificate of Registration to the private landowner or appropriate district office of the land management agency that manages the land where the bait station will be placed, as identi-

fied by the hunter on the application for a Certificate of Registration.

(6) A \$5 handling fee must accompany the application.

(7) Only hunters listed on the Certificate of Registration may hunt over the bait station and the Certificate of Registration must be in possession while hunting over the bait station.

(8) Any person tending a bait station must be listed on the Certificate of Registration.

## B. Use of bait

R657-33-14

(1)(a) A person who has obtained a limited entry bear archery permit may use archery tackle only, even when hunting bear away from the bait station.

(b) A person may establish or use no more than two bait stations. The bait station(s) may be used during both open seasons.

(c) Bear lured to a bait station may not be taken with any firearm or the use of dogs.

(d) Bait may not be contained in or include any metal, glass, porcelain, plastic, cardboard or paper.

(e) The bait station must be marked with a sign provided by the Division and posted within 10 feet of the bait.

(2)(a) Bait may be placed only in areas open to hunting and only during the open seasons.

(b) All materials used as bait must be removed within 72 hours after the close of the season or within 72 hours after the person or persons who are registered for that bait station harvest a bear.

(3) A person may use nongame fish as bait, except those listed as prohibited in Utah Admin. Code R657-13 and the proclamation of the Wildlife Board for taking fish and crayfish. No other species of protected wildlife may be used as bait.

(4)(a) Domestic livestock or its parts, including processed meat scraps, may be used as bait.

(b) A person using domestic livestock or their parts for bait must have in possession:

(i) a certificate from a licensed veterinarian certifying that the domestic livestock or their parts does not have a contagious disease, and stating the cause and date of death; and

(ii) a certificate of brand inspection or other proof of ownership or legal possession.

(5) Bait may not be placed within:

(a) 100 yards of water or a public road or designated trail; or

(b) 1/2 mile of any permanent dwelling or campground.

(6) Violations of this proclamation concerning baiting on federal lands may be a violation of federal regulations and prosecuted under federal law.

## XI. POSSESSION AND TRANSPORTATION

### A. Tagging requirements

23-20-30 & R657-33-15

(1) The carcass of a bear must be tagged with a temporary possession tag before the carcass is moved from or the hunter leaves the site of kill.

(2) To tag a carcass, a person shall:

(a) completely detach the tag from the license or permit;

(b) completely remove the appropriate notches to correspond with:

(i) the date the animal was taken; and

(ii) the sex of the animal; and

(c) attach the tag to the carcass so that the tag remains securely fastened and visible.

(3) A person may not:

(a) remove more than one notch indicating date or sex; or

(b) tag more than one carcass using the same tag.

(4) A person may not hunt or pursue bear after the notches have been removed from the tag or the tag has been detached from the permit.

(5) The temporary possession tag:

(a) must remain attached to the pelt or unskinned carcass until the permanent possession tag is attached; and

(b) is only valid for 48 hours after the date of kill.

(6) A person may not possess a bear pelt or unskinned carcass without a valid permanent possession tag affixed to the pelt or unskinned carcass. This provision does not apply to a person in possession of a properly tagged carcass or pelt within 48 hours after the kill, provided the person was issued and is in possession of a valid permit.

## Please help the division collect bear data

When bears are checked at Division offices, a Division employee must:

1. determine the sex of the bear;
2. extract a tooth to obtain accurate age information; and
3. collect hair as a genetic sample.

These pieces of information are very important to the Division in our effort to responsibly manage bear populations. The Division greatly appreciates your cooperation in this effort. To make the collection of the teeth easier, successful hunters are requested to prop the mouth of their bear open prior to bringing the bear to a Division office. Please do NOT bring frozen bears.

In addition, the Division is cooperating with Brigham Young University and Michigan Tech University in research to better understand bear hibernation. Researchers at these universities are investigating how black bears diminish the effects of osteoporosis during hibernation, which represents a long period of disuse each year. Results of this research may one day have human benefits. In conjunction with this research effort, the Division is requesting that a femur bone be collected from all harvested bears and delivered to the Division when the bear is checked in.

## B. Evidence of sex and age

R657-33-16

(1) Evidence of sex must remain attached to the carcass or pelt of each bear until a permanent tag has been attached by the Division.

(2) The pelt and skull must be presented to the Division in an unfrozen condition to allow the Division to gather management data.

(3) The Division may seize any pelt not accompanied by its skull.

## C. Permanent tag

R657-33-17

(1) Each bear must be taken by the permit holder to a conservation officer or Division office within 48 hours after the date of kill to have a permanent possession tag affixed to the pelt or unskinned carcass.

(2) A person may not possess a green pelt after the 48-hour check-in period, ship a green pelt out of Utah or present a green pelt to a taxidermist if the green pelt does not have a permanent possession tag attached.

**D. Transporting bear***R657-33-18*

Bear that have been legally taken may be transported by the permit holder provided the bear is properly tagged and the permittee possesses a valid permit.

**E. Exporting bear***R657-33-19*

(1) A person may export a legally taken bear or its parts if that person has a valid license and permit and the bear is properly tagged with a permanent possession tag.

(2) A person may not ship or cause to be shipped from Utah, a bear pelt without first obtaining a shipping permit issued by an authorized Division representative.

**XII. CHECKPOINTS**

(1) The Division monitors the taking and possession of wildlife, the required licenses, permits, tags and Certificates of Registration, firearms and other equipment used for hunting.

(2) Hunters should expect to encounter conservation officers checking hunters in the field and at checkpoints.

(3) These contacts allow the Division to collect valuable information concerning wildlife populations and trends as well as helping to fulfill the Division's responsibility as trustee and custodian of wildlife.

**XIII. DISPOSAL OF WILDLIFE****A. Donating***23-20-9 & R657-33-20*

(1) Legally obtained tanned bear hides may be purchased or sold.

(2) A person may not purchase, sell, offer for sale or barter a green pelt, gall bladder, tooth, claw, paw or skull of any bear.

**C. Waste of wildlife***23-20-8 & R657-33-22*

(1) A person may not waste or permit to be wasted or spoiled any protected wildlife or their parts.

(2) The skinned carcass of a bear may be left in the field and does not constitute waste of wildlife. However, the Division recommends that hunters remove the carcass from the field.

**XIV. AIDING OR ASSISTING***23-20-23*

It is unlawful for any person to aid or assist any other person to violate any provisions of the Wildlife Resources Code or any rule, regulation or proclamation promulgated under it. The penalty for violating this section is the same as for the provision for which aid or assistance is given.

**XV. LIVESTOCK DEPREDACTION***R657-33-23*

(1) If a bear is harassing, chasing, disturbing, harming, attacking or killing livestock (cattle, sheep, goats and turkeys), or has committed such an act within the past 72 hours:

- (b) with the use of snares only with written authorization from the director of the Division and subject to all the conditions and restrictions set out in the written authorization.

(i) The option in Subsection (3)(b) may only be authorized in the case of a chronic depredation situation where numerous livestock have been killed by a depredating bear and must be verified by Wildlife Services or Division personnel.

(4)(a) Any bear taken pursuant to this section must be delivered to a Division office or employee within 72 hours.

(b) A bear that is killed in accordance with Subsection (1)(a) shall remain the property of the state, except the Division may sell a bear damage permit to a person who has killed a depredating bear if that person wishes to maintain possession of the bear.

(c) A person may acquire only one bear annually.

(5)(a) Hunters interested in taking depredating bear as provided in Subsection (1)(b) may contact the Division.

(b) Hunters will be contacted by the Division to take depredating bear as needed.

**XVI. SURVEY***R657-33-24*

Each permittee who is contacted for a survey about their bear hunting experience should participate in the survey regardless of success. Participation in the survey helps the Division evaluate population trends, harvest success and collect other valuable information.

## XVII. TRESPASS

You may not post private property you do not own or legally control or land that is open to the public as provided by Utah Code § 23-21-4.

In addition, it is unlawful to take protected wildlife or its parts while trespassing in violation of Utah Code § 23-20-14.

## XVIII. TAKING BEAR

### A. Taking restrictions

R657-33-25

(1)(a) A person who has obtained a limited entry bear permit may use any legal weapon to take one bear during the season and within the hunt unit(s) specified on the permit.

(b) A person who has obtained a limited entry bear archery permit may use only archery tackle to take one bear during the season and within the hunt unit(s) specified on the permit.

(b) Any bear, except a cub or a sow accompanied by cubs, may be taken during the prescribed seasons.

(3) Limited entry permits may be obtained by following the application procedures provided in Section IV.C.

(4) Preliminary research information has shown that it may be possible to determine the sex of a black bear by the size of the animal's track. There is an 86 percent chance that a black bear track with a front paw width larger or equal to 4.5 inches will be a male bear. The Division recommends that only male bears be pursued or taken.

### B. Bear orientation course

A mandatory orientation course is required for hunters who draw a black bear permit. Permits will be mailed to successful applicants only upon completion of the orientation course. Information about how to complete the Bear Orientation Course will be mailed to successful applicants.

### C. Season dates for limited entry bear permits

See the hunt tables on page 16 for season dates.

### D. Extended and preseason hunts

(1) An extended or preseason hunt may be authorized by the Division on selected limited entry units to control depredation or nuisance problems.

(2) The Division director may authorize only those hunters who drew a limited entry permit to hunt in that area to participate in that preseason or extended season hunt.

## XIX. BEAR PURSUIT/DOG TRAINING

### A. Pursuit restrictions

R657-33-26

(1) Bear may be pursued only by persons who have obtained a bear pursuit permit. The bear pursuit permit does not allow a person to kill a bear.

(2) Pursuit permits may be obtained from Division offices, license agents and at [wildlife.utah.gov](http://wildlife.utah.gov) beginning March 1, 2007.

(3) A person may not:

(a) take or pursue a female bear with cubs;

(b) repeatedly pursue, chase, tree, corner or hold at bay the same bear during the same day; or

(c) possess a firearm or any device that could be used to kill a bear while pursuing bear.

(i) The weapon restrictions set forth in Subsection (c) do not apply to a person licensed to carry a concealed weapon in accordance with Title 53, Chapter 5, Part 7 of the Utah Code, provided the person is not utilizing or attempting to utilize the concealed weapon to injure or kill bear.

(4) If eligible, a person who has obtained a bear pursuit permit may also obtain a limited entry bear permit.

(5) When dogs are used to take a bear and there is not an open pursuit season, the owner and handler of the dogs must have a valid pursuit permit and be accompanied by a licensed hunter as provided in Section IX.D.

### B. Bear pursuit/dog training season dates

Bears may be pursued on limited entry units during the dates provided in the Pursuit/Dog Training table on page 17.
